Out-of-district/area charges.	<p>10% upcharge for patients with willing zip codes outside of Central Valley Fire District.</p> <p>Until more precise information is available, this will include residents outside the 59714, 59715, 59718 and 59741 zip codes.</p>	10%

Note that most insurance carriers, including Medicare, will **not** reimburse medication charges, and in some cases including these charges will result in a claim denial. We recommend building the cost of the medications/drugs you administer into your ambulance rates. The one exception is Glucagon; Medicaid will reimburse for this drug and we will need an NDC code off of the package in order to submit the charge.
